

# CROWN JEWELS BUY REDS ARMS FROM GERMANS

ASSOCIATED PRESS.  
LONDON, Aug. 24.—Germany has supplied and ammunition to Russia, according to a correspondent of the London Times, who said that Leon Trotsky, Russian minister of war, visited Russia, "in spite of official reports to the effect from the retreat of the Bolsheviks from the gates of Warsaw," as the correspondent, "may be" by the fact that Trotsky, he said, had crossed into Germany and reached an agreement with representatives of the German government by which it would supply him with the Bolsheviks.

THE BURNED ARMS  
ammunition has been paid a part, out of the Soviet's demand for the crown jewels. The second object of Trotsky was to prevent ammunition from reaching Poland and to aid Germany in the same "crown jewels" in arms took place between Russians and Germans in the neighborhood of Soltau.

THE LIGERNE HELD  
BY THE LIGERNE COMMISSION  
LONDON, Aug. 24.—Unless Sir John T. Tower, high commissioner, issues instructions from the British government to the contrary, it is unlikely that he will allow the American shipping company to land the crown jewels at Soltau, to unload at Soltau. She is reported to be carrying munitions for the Polish army. Reginald Tower still maintains position that the landing of munitions at Danzig would cause trouble and that the troops under his command at present would be unable to cope with it.

THE HIGH COMMISSIONER has reported situation fully to the French British governments and decided that it would require 20,000 troops to insure safety of the munitions.

## Increased Ferry Rate Case Will Go to Supreme Court If Rehearing Is Refused

A rehearing before the railway commission of the recent action that resulted in the granting of an increase in ferry rates to the Southern Pacific Company was determined on by the City Council today and if not successful the case will be carried to the supreme court.

The council's action was taken in the form of a resolution offered by Commissioner Morse and unanimously adopted, following a report on the case from City Attorney H. L. Hagan, charging that the railroad commission acted in a "hasty and precipitous manner" in granting the increase, and recommending the case of action determined by the council.

The first step will be the filing of an application with the commission asking for the rehearing. In the event of a refusal, a brief will then be filed with the supreme court in the form of a writ of review.

WANT INCREASE SUSPENDED  
The resolution also provided that during the pendency of the action request shall be made for a suspension of increase order, which will otherwise become operative thirty days after the date of the order, which was August 17.

Preparation of the necessary papers for the commencement of the action was commenced in the city attorney's office this afternoon and the application for the rehearing will be filed within the next few days.

According to the opinion given the commissioners from the city attorney's office, the railroad commission has admitted that the only basis for the granting of the increase is the recent decision of the Interstate Commerce Commission, and that the commission it is said by Hagan merely referred to ferry rates in an incidental and ambiguous manner.

DECISION PROTESTED  
It is only by the most liberal interpretation of such ambiguous language that it can be claimed that the decision required or recommended the raise of the local ferry rates," read Hagan's advice, which also called attention to the increases already made in the trans-bay ferry rates.

"I feel that the council would be derelict in its duty if it did not make the commuters' fight against the present increased rate its own. The commuters form a large portion of our population and as their government representatives it is our duty to protect their interests."

## Premiers Demand Russian Peace Terms Be Modified

LIGERNE, Aug. 24.—(By the Associated Press.)—An official statement issued regarding the conference today between Premier Lloyd George and Molotov, say that the premiers agreed to the vital need of the re-establishment of the peace of the world at the earliest possible moment and that the first guarantee of such a peace is to be found in the various treaties concluded. The statement continues:

The victors in war should display a spirit of moderation in their enforcement of terms and the vanquished a spirit of loyalty in their execution. With this aim, England and Italy trust that the good understanding reached at Spa will be furthered by the council of all outstanding questions.

QUESTIONS DEBATABLE  
Before peace is fully established, however, there are a number of important questions to be decided, a majority of which are indissolubly connected with the march of events in territories of the former Russian empire. Until peace is fully established, an atmosphere of disturbance and unrest will continue to menace the world.

Therefore, the British and Italian governments have been taking steps, in the face of much misrepresentation, to restore communication between Russia and the world outside. The steps have just heard that the Soviet government, despite repeated assurances to the contrary given officially on their behalf in London, have sought to impose on Poland conditions incompatible with national independence.

The government of Poland is based on the choice of the whole adult male population of the country without distinction of class and this so-called civil army to be drawn from one class only, which is referred to in the fourth condition of the Soviet terms, is only an indirect method of organizing a force to overthrow by violence this democratic constitution.

stitution and substitute for it the despotism of a privileged few who may have absorbed the doctrines of Bolshevism.

We cannot help apprehending that when the detailed conditions of the composition of this force—kept back as they are now—are revealed later on, they will be found to be molded on the plan of the Russian Red army. For one nation to insist as a condition of peace with another that the force organized for the protection of life, property and good order in the latter country shall be drawn from only one class of its citizens to the exclusion of all others, is an unwarranted infringement of the liberty, independence and self-respect of that country.

NO RECOGNITION NOW  
To have added such a condition after Kamenev's pledges to the British government, that nothing not of a secondary nature was omitted from his summary of the terms, is a gross breach of faith and negotiation of any kind with a government which so lightly treats its word becomes difficult if not impossible.

The Soviet government has rejected the suggestion by the British government for a truce under conditions which would have guaranteed Russian territory against any acts of aggression and has thus invited the invasion of ethnographical Poland, with a view to the conquest of that country by force of arms for Soviet institutions.

What has befallen in this short war to the invaders of national rights, whether in Russia or in Poland, ought to teach wisdom to aggressors. The world, east and west, is crying for peace, but peace is only obtainable on the basis of full recognition of the liberties of nations.

Civilization itself, shaken and weakened by five years of incessant warfare, is menaced by the prospect. The British and Italian governments, therefore, are united in urging every effort should be made to bring to a conclusion the existing conditions of strife between nations.

## Student Exonerated By Coroner's Jury

BERKELEY, Aug. 24.—William Helm, freshman at the university, has been exonerated of blame for the death of Mrs. George K. Neher, of Albuquerque, New Mexico, following an investigation into the accident by a coroner's jury.

Mrs. Neher was killed last Friday morning when she stepped in front of Helm's machine at Allison Way and Union street. Frank Neher left a will which left his mother's body for Albuquerque. Mrs. Neher was 50 years of age and a widow.

## U. C. Glee Club Gets In Friday From Orient

BERKELEY, Aug. 24.—A cable has been received at the University of California announcing that the college Glee Club, which is now homeward bound from the Orient will not arrive from Honolulu until a day later than the scheduled time. The singers left Honolulu Saturday on the Siberia Maru and will reach San Francisco at noon Friday. Plans are being made to give the campus to greet the collegians at the boat landing.

## More Riots in Belfast; Lisburn Burned, Looted

BY ASSOCIATED PRESS.  
LONDON, Aug. 24.—Rioting was renewed here last night, the most menacing disorder being a collision between the Unionists and Sinn Feiner in Bally Macarrett, on the east side of the River Lagan. Shortly after eight o'clock the opposing crowds met in Blyson street and Kilmoren street, where there was shooting and stone throwing.

The police eventually succeeded in dispersing the rioters by a baton charge.

Police and soldiers also dispersed crowds which attacked two shops in Lisburn street.

NATIONALISTS FLEE;  
LISBURN AFFIRE  
LISBURN, Ireland, Aug. 24.—The burning of nationalist property here continued until after last midnight. Among the buildings destroyed was the Catholic parochial hall.

Some seventy premises were in ruins today and the damage was estimated at £500.

LONDON, Aug. 24.—The murder of Police Inspector Swanney at Lisburn on Sunday and the killing of officials is attributed to professional gunmen imported from the United States, said a Belfast despatch in the Evening News today.

## Lord Mayor Grows Weaker

LONDON, Aug. 24.—Lord Mayor Terence MacSwiney, who is in Brixton Jail, London, on a hunger strike, was reported in an extremely debilitated condition today, but still determined not to abandon the strike.

Archbishop Mannix of Australia, with the Bishop of Ballarat and Killarney, visited the Lord Mayor in the prison yesterday. Remaining twenty-four hours, the three departed a crowd which had gathered inquired as to the Lord Mayor's condition. The Bishop of Killarney replied briefly: "He is very prostrate."

## CONFERENCE OF MODERATES OPENS

LONDON, Aug. 24.—A conference of Irish moderates called to enable every shade of home rule sentiment to unite in a statement to Premier Lloyd George relative to the future government of Ireland, opened here at noon today.

The conference is being held in a moving picture theater.

## LIGHT LEFT BY OWNER IN HOME CALLS POLICE

ALAMEDA, Aug. 24.—Glimpsing suspicious lights in neighbors' houses, and then reporting the matter to the police, is becoming the favorite pastime of Alameda, with incidents of this nature occurring practically every evening.

Last night C. H. Weaver, 2145 Central Avenue, telephoned the department saying a suspicious light was burning in the attic of the house next door.

Scouting a possible burglary a patrol was dispatched to the house. The bell, rung furiously, and Adams, owner of the place, appeared at the door, demanding to know what was the matter. Upon explanations of the suspicious light, Adams declared he had retired, forgetting to extinguish it.

## County Fair Opens For Sonoma County

SANTA ROSA, Aug. 24.—The Sonoma county fair opened yesterday with visitors from all parts of the county and counties adjoining Sonoma taking part in the festivities. Hundreds of people lined the streets at noon today to view the "million dollar" stock parade.

The parade is to be followed by a horse show and rodeo. The horse show is heralded as one of the big features. It being the first show of the kind to be seen in the North Bay counties. One of the entries in the horse show will be Friar Fook, the sire of the famous trotter which sold recently at New York city for \$165,000 by John H. Rossiter. Some of the most famous horses of Pasadena and Los Angeles fanciers will be exhibited.

Agricultural, horticultural and industrial exhibits are drawing much attention. Automobile and motor-cyclist races will feature the entertainment program.

## Twelve Jailed in \$500,000 Liquor Raid

BY INTERNATIONAL NEWS SERVICE.  
CHICAGO, Aug. 24.—Twelve men were arrested and liquor valued at approximately \$500,000 was seized in a raid today by police agents of Mayor A. W. Fairbanks.

The arrests were made at Canal and Taylor streets, where the men were engaged in removing the liquor from a freight car.

The identity of the men arrested, believed to be members of an organized whiskey "ring," was closely guarded this morning.

## Martinez to Utilize Moon for Lighting

MARTINEZ, Aug. 24.—Martinez will depend largely on the moon, hereafter for its street lighting. This was decided this forenoon by the city council, following the presentation of a petition from the Pacific Gas & Electric Company for the reduction of the use of electricity. The company represented that the power of night shorter was serious and urged that street lights not be used on moonlight nights. The council adopted the plan.

## RED ARMIES, IN FLIGHT, GIVE UP

(Continued from page 1.)  
than a week, has joined in the general withdrawal. It was said.

Only seven partially effective divisions remain within ethnographical Poland. Six entire Bolshevik divisions have been destroyed and eight others greatly shattered.

The Russian debacle appears to be complete.

President Pilsudski's army, has continued its rapid progress south of Warsaw and is nearing the line of Ostroleka-Lomza-Bielostok.

## By WEBB MILLER. United Press Staff Correspondent.

LONDON, Aug. 24.—The Russian defeat in Poland is so complete and so crushing that there is no possibility of the Bolsheviks reforming their shattered armies on Polish territory, press despatches declared today.

The prediction was made that all Reds would be ejected from the occupied areas before the end of the week.

Bolshevik prisoners taken to date numbered more than 20,000, according to unofficial advisers. Thousands of these were taken in the Warsaw area and the remainder in the Danzig corridor.

IN ADDITION TO THE great number of prisoners and huge stores of materials taken, the Poles have forced 100,000 Bolsheviks to take refuge in East Prussia, where they will be interned.

According to unofficial information, the Poles will utilize the Red prisoners in rehabilitating the railroads from Konigsberg to Berlin, where they cross Polish territory.

## Polish general staff, in describing the Russian defeat before Warsaw, asserted that 120,000 Poles were opposed by 180,000 Reds and that a third of the latter were taken prisoner.

A correspondent of the London Post, relating details of the capture of the Red army, emphasized the superiority of the Polish artillery. He added that the Poles were extremely bitter against the Jewish settlements of the Polish army, who remained in East-Lithuania during the Russian occupation, declaring they fraternized with the enemy.

Serious outbreaks against the Jewish soldiers were feared.

Frantic efforts of the Bolsheviks to extricate themselves from the trap north of Warsaw has resulted in a disorderly retreat, unofficial advisers reported. General Haller's army has cut the last line of railway communication, forcing the Reds to abandon most of their artillery and transport.

Polish cavalry detachments are constantly at the heels of the fleeing Russians and low flying airplanes add to their panic with machine gun fire. Four Bolshevik divisions were said to have been completely wiped out in this area, through prisoners and casualties.

## REDS CLAIM HEAVY FIGHTING RAGES NEAR LOMZA

LONDON, Aug. 24.—Russian Lomza, about 75 miles northeast of Warsaw, and Bialystok, about 65 miles northwest of Brest-Litovsk, were engaged in heavy fighting against advancing Polish Legions, according to an official statement issued yesterday in Moscow and received here today.

In the Brest-Litovsk region there is no change in the situation. Statement says, with further south in the neighborhood of Vladimir-Volynsk, and near Lemberg the battle continues.

## Commission Dockets State Rate Cases

WASHINGTON, Aug. 24.—Exercising the authority over intrastate rates granted it by the transportation act, the Interstate Commerce Commission today ordered hearings at Chicago September 8 on the application of Illinois Railroads to increase their intrastate freight and passenger rates in conformity with the increases interstate rates recently allowed by the commission.

The Illinois state commission refused to grant the 30 per cent increase in passenger rates asked by the roads and allowed an advance of only 2.2 per cent in freight rates against the 40 per cent requested. The commission is expected to intervene in other states where the applications of the roads have been refused.

## 'Volunteer Wheat' Crops Make Fortunes in Kansas

TOPEKA, Kans., Aug. 24.—Stories of sudden wealth in the Kansas wheat belt are numerous this year, due to the unusual acreage of "volunteer wheat," a crop grown from seeds which fall in the western harvesting. Officially estimated there was 1,500,000 acres of volunteer wheat in Kansas this year, or about a sixth of the total harvested acreage. This wheat yielded probably 40,000,000 bushels or representing a monetary value of about \$100,000,000. The total Kansas crop of wheat is estimated officially at 100,000,000 bushels.

The large acreage of volunteer wheat is due to the fact that a great deal of this acreage was deserted as wheat land by the owners after last year's none to bountiful crop had been harvested. The 1919 acreage was in excess of 11,000,000, by far the record for any state in the union. A wet fall caused the kernels of wheat which had fallen to the ground during the harvesting, to germinate.

Finding the "volunteer" crop making a stand, farmers did not disturb the growth and, with ideal weather, the volunteer wheat made yields fully as bountiful as the rest of the crop.

Immense stories of "deserted" acres, producing \$5000 to \$25,000 worth of wheat come from western Kansas where the bulk of the volunteer wheat was grown. Others tell of farmers who purchased farms this year and paid for them with the returns of this year's wheat harvest.

Illustrating the "sudden wealth" general throughout the western Kansas countries, where land has been cheap and favorable seasons few and far between, a recent canvass of

## Auto and Bicycle Stolen in Alameda

ALAMEDA, Aug. 24.—Mrs. A. A. Calbu, 2115 Lincoln avenue, reported to the police yesterday that her automobile, license No. 328-358, had been stolen Sunday evening from Park street and Alameda avenue.

L. L. Roberts, 107 Twenty-second street, Oakland, employed at the Alameda plant of the Bethlehem Shipbuilding Corporation, reported the loss of a bicycle from the Tynan-avenue entrance to the plant.

## ADMIRAL RODMAN WOULD BUILD BIG NAVAL BASE HERE

"The Pacific naval base should be established on San Francisco bay at once," Admiral Hugh Rodman, commander of the Pacific fleet, said in an interview on board the New Mexico, in which he discussed the relations of the fleet and the Pacific coast unreservedly for nearly an hour yesterday.

"The paramount reason for wanting a naval base on San Francisco bay was that he considered it the best location to meet the needs of the fleet."

"The obstacle that stands in the way of the construction of a naval base on this coast," said the admiral, "is the jealousy and contentment among the various ports. Lay those aside and the navy department undoubtedly will establish a naval base here."

"San Francisco bay is the place," he said, "where the fleet should meet the present requirements. Mare Island was all right as long as the ships were small, but I will not allow the big ships to go up there now."

"The executive officers of the navy, I know, are without exception, agreed upon San Francisco bay as the location for a naval base."

### Destroyer Picks Up Yacht in Distress

SAN DIEGO, Aug. 24.—Short of fuel and provisions, and with machinery disabled, the steam yacht "Louise," bound from Thousand Isles, via Miami, for San Diego, has been picked up about 45 miles north of Magdalena bay, Lower California, according to radio messages received here, and is being towed by the United States destroyer Welles. The mine sweeper, Cardinal has been sent from this port to assist the vessel.

Commander G. N. Reeves of the Welles sent word that the destroyer itself was short of fuel and would soon be compelled to tow the Louise into San Bartolomeo bay. The Cardinal was expected to reach the vessel early today. The craft is of 24 tons burden.

## Oakland Boy Wins Olympic Swim; Woman Sets Record

ANTWERP, Aug. 24.—(By The Associated Press.)—The American water polo team defeated the Greek team in the Olympic aquatic events here today by seven goals to none.

England defeated Spain by nine goals to none.

Duke P. Kahanamoku lost a victory in the 100-meter free style swim and a world's record for the event in the Olympics here today when officials threw out the race, declaring Kahanamoku and Keolu had boxed Herald, the Australian entrant. The event will be contested Sunday.

Several Olympic records were smashed yesterday. Three American women, Mrs. Frances Schroth, of San Francisco; Irene Guest of Philadelphia; and Ethelda Bleibrey, of Honolulu, tied the Olympic record in the 100 meters free style.

Duke Kahanamoku repeated his record-breaking performance of yesterday by covering 100 meters free style in 1:01 2-5. Pua Kealeha, of Honolulu, tied the Olympic record when winning his heat in the same event.

This makes eight Olympic records broken by Americans in two days, one world record bettered and two Olympic records equaled.

Jack Howell of Oakland, California, won his heat in the 400 meters breast stroke yesterday in 6 minutes 56 seconds. In the 100 meters free style Kahanamoku and W. W. Harris, Honolulu, were first and second respectively. George Vernot, Canadian, failed to qualify.

### MARK SET BY WOMEN.

Norman Ross, Illinois A. A., was second to Kealeha in his heat in that event.

In the 100 meters free style for women, Mrs. Schroth won the first heat in 1 minute 18 seconds. Charlotte Boyle, women's swimming association, finished second. Irene Guest won the second heat in 1 minute 18 4-5 seconds. Ethelda Bleibrey won the third heat in 1:14 2-5, the previous record was 1:18 4-5.

The final official figures for the decathlon place the men as follows: Loveland, Norway, 6354.355; Hamilton, United States, 6770.88; Ohlsson, Sweden, 6573.205; Halmer, Sweden, 6532.15; Hillson, Sweden, 6408.45; Wickholm, Finland, 6408.45.

### AMERICAN TRIUMPH

The seventh Olympiad, which closed yesterday amid rain and cold, so far as the track and field events were concerned, was a decisive American victory.

Although the United States team is not considered as good as some that have come to Europe it rolled up 212 points during the week of competitions, more than twice the figures of the nearest rival, Finland, with 106.

Scoring on a basis of 22 points to any event, the United States won

### MOTHER RICH; BOY PREFERS POOR FATHER

PITTSBURGH, Pa., Aug. 24.—who was kidnapped from a military school in Los Angeles more than a year ago by his father, John Braithwaite, has been located in Pittsburgh. Both the father and son are under arrest today. His father will be arraigned against the mother and her second husband, James Mortimer Davis of Los Angeles.

The father is a barber here and the boy prefers to stick to the father rather than go back to California, where he might live in a mansion and have millions at his command. Common pleas court is expected to act today upon a plea for a writ of habeas corpus restoring the boy to his mother and stepfather.

The boy is being held at police headquarters pending court action. The father is held as a suspicious person pending word from Los Angeles police as to whether they want him on any criminal charge.

### Federation Studying Fruit Exchange Plan

LOS ANGELES, Aug. 24.—Methods of the California Fruit Growers' Exchange in handling crops of 10,000 growers of citrus fruits were studied today by a committee of the American Farm Bureau Federation, which is touring Southern California. The committee conferred with the Los Angeles County Farm Advisory Board early today and looked over exhibits at the Chamber of Commerce. The afternoon program included a trip through the walnut and orange growing sections of Orange county.

W. G. Eckhardt, director of the grain marketing department of the Illinois Agricultural Association, a member of the committee, said he believed the fruit growers' system of cooperative marketing, if applied to all farm products of the country would materially reduce the cost of living.

nearly one-third of a possible aggregate total of 620. The Americans scored in all but four events and were tied with Finland for first place honors, each nation having won nine firsts. The United States ran far ahead in second places, with twelve, and was second to Sweden in thirds, having won nine to Sweden's ten. The Americans scored ten

fourths, twice as many as their nearest rival.

Of our world records established, the Americans made three, the fourth going to Finland. The only Olympic record established which is not also a world record was won by an American.

The games just closed were notable in the fact that only three athletes were able to win two first places. These were Firgerio, the Italian walker, who took the 1000 and 10,000 meters events; Hill, the English middle distance runner, who won the 800 and 1500 meters, and Nurnd, the Finn, who was first in the 10,000 meters run, and the cross

country run yesterday, which, it is admitted, is considerably short of the advertised ten kilometers.

The athletes were leaving Antwerp today, the Swedes going to Paris for the triangular meet with the French and Americans. The Englishmen also are leaving to prepare for their games with the Americans in London Sept. 4. A portion of the American team will sail Wednesday for New York. The remainder are to depart next month.

The teams announced for the America-British Empire games, include some of the best American, English and colonial athletes who competed here. To these will be

added a few Irishmen and Scotsmen who were at Antwerp.

There will be considerable checking of the point figures in the athletic events before they can be considered official. The English press announced today a list that was full of errors. All the records were rechecked unofficially tonight. The United States has 212 points; Finland 105; Sweden 25; England 88; France 34; Italy 28.

The American tug-of-war team and the Dutch and Belgian teams have been ordered to meet next Sunday to contest for second place in the tug-of-war. First place was won by England.

## Crystal Electric Washer & Wringer

—It's the easy one-way cylinder that makes it wash so effectively and rapidly. The single direction is the secret of its gentleness. This principle permits an increased speed through the rich and soapy water, which accounts for the surprising way every trace of dirt vanishes. Famous experts and men of authority awarded the Gold Medal (highest award) to the Crystal at the P. P. I. E. A still better machine now. Made of Copper or rust-resisting Armco iron.

Sold on very convenient terms

## MILLER & LUX FILE TRUST DEED

BAKERSFIELD, Aug. 24.—Miller and Lux, incorporated owners of cattle ranges in California, Nevada and Oregon, including several hundred thousand head of cattle, sheep and hogs, have filed a \$15,000,000 trust deed for their property with the Kern county recorder.

The deed is in favor of the Bank of California National Association and specifically describes the Miller acreage in Kern, Santa Cruz, Santa Clara, San Francisco, Alameda, etc.

## Airplane Leap Kills One-Armed Flyer

OELWEIN, Iowa, Aug. 24.—Capt. L. L. Adair of Oelwein was killed at Spirit Lake in his first attempt at a leap from one airplane to another, which was to have been followed by a dive into the lake.

Adair has been giving exhibition flights with parachute jumps for several years, although he had but one arm.

His 18-year-old son, "Billy," also a parachute jumper, announces he will fill his father's shoes.

Last Saturday the heirs of Henry Miller, cattle king, who with Charles Lux more than forty years ago founded Miller and Lux, paid a state inheritance tax to the state of California of \$2,102,152.

## STATE NEWS

SACRAMENTO, Aug. 24.—Damage estimated at more than \$100,000 was caused by the fire which swept the Moffat Creek forest for several days last week in Siskiyou, according to announcement by M. D. Pratt, deputy state forester, who directed the fire. Pratt, who has returned here, reported the fire under control. The Southern Pacific Railroad Company's loss is estimated at \$50,000.

**THREE AUTOISTS HURT**  
SANTA ROSA, Aug. 24.—Mrs. C. N. Davis of Guerneville is in a local hospital with a number of fractured ribs and severe lacerations to the face and body. Mrs. John Davis has many bruises and lacerations and a fractured arm and other hurts as a result of an automobile accident on the Sebastopol road near this city. The car in which they were driving struck the end of a concrete culvert and fell over the embankment.

**TAKES POISON, ASKS AID**  
FRESNO, Aug. 24.—Mrs. H. A. Cooley, 19, after ingesting a farewell note to her husband, claimed she took poison and rushed into the home of a neighbor and told her she was about to die. The police were notified and the woman was rushed to the emergency hospital.

**FRESNO STILL CONFISCATED**  
FRESNO, Aug. 24.—Sheriff Jones, Chief Truett, Inspector Lankous and Deputy Sheriff Campbell conducted a raid on some college students and discovered a fifty-gallon copper still inclosed in a canvas covering and this inside a wooden box. The box had been used for some time. It has been in use. It was found in a shack on Geary street. The Mexicans claimed the still was the property of George Gatti, who owned the property and the officers proceeded to his home nearby where four more stills were found. Gatti confessed making the stills out of copper boilers. District Attorney Beaumont and United States Commissioner Retallick were called and ordered the stills confiscated. They were taken to the sheriff's office and will be held for evidence should charges be made against Gatti.

**BEER MONEY JEOPARDIZED**  
SACRAMENTO, Aug. 24.—Sacramento city men were forced to refund several thousand dollars collected from wholesale liquor dealers for licenses since the national prohibition law became effective, it was stated when Superior Judge Malcolm C. Glenn reversed a police court decision and held that a license was not necessary for the sale of malt liquors not prohibited by the Volstead Act. Judge Glenn ruled that the intent of the law and the city ordinance was to regulate the use of intoxicating liquors and did not bear on the use of non-intoxicating malt liquors.

**SUITS INVOLVE ROAD WAGES**  
SANTA ROSA, Aug. 24.—In an action brought in the superior court by W. Jenkins the court is asked to order the payment of over \$20,000 in work in the Third Supervisorial district. This is one phase of the litigation following the appointment of a county highway engineer under the District act in the Third Supervisorial district. The district refused to turn over his roads to the control of the engineer. An injunction was issued forbidding him to do any road work.

**STATE PIONEER DIES**  
FRESNO, Aug. 24.—Louis E. Peveney, one of the oldest pioneers of this section, passed away yesterday at the age of 89 years. He was a native of California and is survived by two sons.

**CATTLE BRING BIG PRICES**  
MODESTO, Aug. 24.—Forty purebred registered Holstein-Friesians brought \$15,000 at the big sale at Patterson. They averaged \$380 a head, ranging from young calves to matured cows and bulls. Rag Apple, Prilly Alcatraz, 71503, heifer, belonging to the Holstein-Friesian company, Patterson, brought the top price, \$875. M. J. Ruddy of Modesto bought her. Mechilde Ormsby, 17, two-year-old heifer, granddaughter of Johanna, Del. 301, was bought by one of R. L. Holmes' consignments to the sale, was sold to Mrs. B. F. Fox of Modesto. This animal is a Modesto raised animal, being one of the bloods of the Holmes ranch here.

**HOP PICKING BEGINS**  
CHICO, Aug. 24.—The hop picking season has opened in the Chico district, gangs of workers having started the harvest on the river ranch of M. B. Walker, one of the leading growers here, this morning. The price for pickers this season is \$1.25 per hundred, an advance of 25 cents per hundred over the opening price. The hop harvest is on the vines and it was announced following the signing up of scores of pickers today, that more applications will be received tomorrow. Picking on the ranch of the Butte County Hop Company will begin tomorrow morning and the same schedule of prices as on the Walker place will prevail.

**TULARE TO RAISE TAXES**  
TULARE, Aug. 24.—Various levies which are expected to be added to the regular assessment will bring the tax rate in Tulare to \$2, according to announcement made at the city clerk's office, as against a rate of \$1.50 last year. The School Board has appealed for assistance in raising necessary funds to meet new salaries. In accordance with the state law Trustees are asked to add 20 cents on the \$100 for this fund. The city has agreed to bear 30 per cent of the expense of laying sidewalks out West Inyo, First street and East Tulare. A tax of 20 per cent is expected for this. The library is also to be helped.

## Mercy Asked for Youthful Slayer

SACRAMENTO, Aug. 24.—In a letter to Governor Stephens, Mr. and Mrs. Fred Wolf, Mrs. Margaret Krebs and Fred Wolf, parents, sister and brother of Roy Wolf, who was sentenced to hang at San Quentin on September 17, have appealed for clemency in behalf of the 17-year-old boy. Wolf killed Elmer Greer, driver of a car he had hired near Bakery field, on May 26, 1919. Petitions in his behalf have been pouring into the Governor's office. Inclosed are several hundred signatures of California residents who base their plea for commutation of sentence to life imprisonment on the ground that the parents of the condemned youth are "respectable, honest, hard-working and deserving people."

## Woman Fined \$100 In Pittsburgh Raid

MARTINEZ, Aug. 24.—Louise Lee, one of three women arrested early Sunday morning by sheriff's officers in a deserted farm house on the Nortonville road, near Pittsburgh, and charged with conducting a disorderly house, plead guilty before Justice of the Peace F. L. Glass yesterday afternoon and was fined \$100. Two other women arrested with her, Stella Christensen and Ray Richards, were fined \$25 each for vagrancy. The women, it is said, occupied the house without the consent of the owner.

## State Fair Art All Professional Now

SACRAMENTO, Aug. 24.—The art gallery at the State fair this year promises to be the most complete, as to diversity of subjects, in the history of the institution, according to the statement today by Jane D. Lee of Los Angeles, superintendent of the women's building. No amateur efforts will be shown this year. Among the artists contributing are Armin Hansen, C. von Schneidau, P. W. Cuperen, William V. Cahill, Paul Lauritz, C. Jennevoird, Percy Grey, Carl Oscar Berg, Maurice Braun and Fred R. Miner.

## Banker Adopts Him As His Riches Flit

NEW YORK, Aug. 24.—"Mike" Gilhooly, the persistent stowaway, adopted by Mrs. Marion G. Curry, a writer, when the Ellis Island authorities were about to ship him Europe, for the fifth time, is to have a new benefactor in a "prominent New York banker," it was announced tonight by Mr. Curry's attorney, David C. Gordon. He said "Mike" was now with the banker. Mrs. Curry today filed a voluntary petition in bankruptcy, disclosing liabilities of \$111,310 and assets of \$700.

## Auto Dashes Before Train; 2 Dead, 3 Hurt

TACOMA, Aug. 24.—Two were killed and three injured when a Seattle-Tacoma electric limited hit an automobile on a crossing at Edgewood station. The machine was demolished. The dead are Carl Olsen, 48, North Seattle; Arvid Dennison, Seattle. The injured are Mrs. Carl Olsen, Estia, 13, and Arthur, 16 of the Olsons. The auto was traveling rapidly north on the Pacific highway and dashed on the crossing ahead of the train.

## Garages Not Built by Code, Is Charge

Alleged frequent violations of regulations of the building ordinance relating to garages were brought to the attention of the city council this morning in a protest from the Alameda County Automobile Trade Association over the signature of Robert W. Martland, secretary. The protest will be the subject of an investigation. The communication said the ordinance violations are allowed to exist "without apparent effort to correct them" and the strict enforcement of the law is asked as a matter of fairness.

The Message Mrs. Durkee Brought Back to Madge. Lillian, who had been in the doorway and confronted little Mrs. Durkee, said: "What do you mean?" she demanded sharply. "I saw Major Grandland drive away in his car an hour ago."

"Suppose he didn't," she retorted. "He could come back, couldn't he?" "Unquestionably," Lillian said. "He didn't go far," little Mrs. Durkee volunteered with a hint of mystery as if she were in the secret of the officer's expedition. "Just long enough for an errand in which he was very especially interested. You'll know all about it, Madge, by and by."

MRS. DURKEE'S IDEA. Her tone held coquettish teasing, for all the world, I told myself with disgust, as if I were a young girl and Major Grandland a suitor. But it was worse than folly to utter any protest. "Her Fluffness" is not particularly amenable to discipline, especially to moral suasion.

If she were the child she often appears one could take an old-fashioned hickory switch to her. As it is, there is nothing to do but to smile at or ignore her unshushings. Lillian took the latter course. I guessed that she was in no mood for the fool to whom Katie, whom Lillian is displeased her very back is eloquent of her disapproval.

"I wish I were twenty years younger," Her Fluffness observed pensively, not, however, as to prevent her sending a saucy shrug in Lillian's direction. "I'll bet I'd break two ribs but what I'd make Major Grandland sit up and take notice. He's just about the peachiest thing I've seen since I was a girl. He isn't so handsome, indeed, sometimes I think he's quite plain, but there's something so very special, so different about him—don't you think so, Madge?"

She shot a bright, shrewd glance at me, one which I knew held more than a hint of mischief. Little Mrs. Durkee is like a naughty little girl sometimes in her good-natured muddle.

He is a very remarkable man, of course, I replied, making my voice as sedate and non-committal as possible. "But I never thought him as particularly attractive type as 'Her Fluffness' looked at me lately."

A SURPRISE FOR MADGE. "You're either telling a tall one or you're as blind as a bat," she remarked, and I never noticed any thing the matter with your eyes since I've known you. But I must run along back to the poor man. Goodness knows I never saw so forlorn a specimen. He's got it in his head that he's to blame because it was his car that struck yours, and he's certainly in an awful state about it. I did my best to cheer him up with my very best tea, also my most cheerful brand of conversation, but it wasn't one bit of use.

"Geo, I wish I could have a man as concerned over me as he is over you. I'll lead him a dance I promise you. Well, so long! What shall I do?"

sticking over there with his hands hanging out, waiting to see whether you've waked with a high temperature or not. He seemed to think the fate of the world depended upon the thermal thermometer. I wish you'd send him a word or two. He might kiss me in his gratitude."

"Oh, do so," that nonsense!" I said, and I never noticed any thing the matter with your eyes since I've known you. But I must run along back to the poor man. Goodness knows I never saw so forlorn a specimen. He's got it in his head that he's to blame because it was his car that struck yours, and he's certainly in an awful state about it. ## How to Beautify a Summer Boiled Face

It is really a simple matter to remove a face boiled by sun, winds or ordinary medicine. Used as directed, it will transform the most old complexion into one of the most beautiful. It is a truly wonderful skin cream, but so gentle, gradually, it comes out, not in patches, but even, in tiny particles, leaving no evidence of the treatment. ## S. F. FIRM BUYS PIEDMONT BONDS

Denial that his firm is acting for Piedmont residents was made today by a representative of the bond brokerage concern of R. H. Moulton & Co. of San Francisco, who this morning exchanged a check for \$250,000 with County Treasurer F. W. Foss for the same amount in Piedmont high school bonds, recently issued for the purpose of building a new high school.

It was declared that the firm is not acting for Piedmont residents, but is an agent of present from that quarter, but that it has inquiries from about the bay which indicate it can dispose of the issue at a profit. By purchasing over the counter after there had been no bids before the board of supervisors the com-

## Charges His Arrest Officer's Spite Work

Joseph O'Brien, 1858 Goss street, charged by the police with being drunk, is in the receiving hospital today as the result of an encounter with Patrolman William Marshall, according to Marshall he arrested O'Brien for being drunk and the latter made strenuous resistance.

O'Brien claims he was not drunk and that the fight was the outcome of an arrest by Marshall Friday night, and that last night Marshall accosted him near his home and charged that O'Brien had called him names during that arrest.

pany secures the bonds at par instead of having to pay a premium. These bonds bear five and one-half per cent interest, while Oakland and Berkeley bonds bear six per cent.

It was stated that Moulton & Co. may later consider taking over the Berkeley and Oakland bonds, which together amount to nearly \$2,000,000.

## SPEEDY STUDENTS LIKENED TO REDS; CARS LOCKED UP

BERKELEY, Aug. 24.—If everybody obeyed the laws the way you do, the world would be filled with Bolshevism and anarchy.

So Judge Harry Pulcifer of Oakland, sitting for Judge Robert Edgar, yesterday told the University students brought before him for speeding. The offenders included three girls, Miss Mary Kett, daughter of Mr. and Mrs. William Kett, 46 El Camino East; Miss Helen Bridge of Belvedere, and Miss Eleanor Prepp of Princeton.

They and Frederick A. Lory, a graduate student, 2241 Ross street, also came under the frown of the judge.

**BAD EXAMPLE CITED**

Lining the five speeders up for sentence, Judge Pulcifer said: "Laws are made to be obeyed. If everybody obeyed them the way you do, we'd have no good citizens. People would advise themselves to escape and have no control of themselves. The only way I can see to induce punishment upon you is to take your cars away from you for a period of 30 days. If I find your cars in use before September 23, there will be a full sentence awaiting all of you."

**CARS LOCKED UP**

The cars of the speeding students were ordered locked in their garages for the period specified. No one will be allowed to touch them during that time.

In entering pleas of guilty, Miss Kett and Miss Prepp declared that they were late for tea and dinner engagements. "Hunger has led to lots of crime," commented the judge, but it's no excuse in your cases. I'd advise you college girls to take punishment cheerfully and not to let the students who were taken into custody on the campus as part of the university campaign against speeding.

**Boy, 3, Victim of  
Autoist, to Recover**

It was reported today by the authorities at the baby hospital that Erling Sanders, aged 3, who was run down by an autoist, to have been driven by Ray Gillum, Sunday night, probably would recover, although the child is suffering from a fracture of the skull and a broken leg and shoulder.

A further development of the case came today with the arrest of Royce Gillum, brother of Fred Gillum. According to the police, Royce Gillum, who lives in Lakesfield, said that it was he and not his brother, who drove the car away after the boy was hit, although Fred Gillum admits that he was driving the car at the time the boy was run down.

The police are investigating the statement of Royce Gillum, and in the meantime he is being held in detinue.

## Labor Chief Protests Soldiers Guarding Car

DENVER, Aug. 24.—James C. Bulger, president of the Colorado Federation of Labor, today telephoned to Secretary of War Baker protesting against United States soldiers patrolling the Denver street cars and "assisting and protecting strike-breakers in the operation of cars."

## GOTHAM EXPERT URGES UNIFORM TRAFFIC RULES

SAN FRANCISCO, Aug. 24.—"Concise, simple and just traffic regulations, adequate publicity and strict enforcement will be a long stride toward solving the traffic problems of this country."

Captain John W. O'Connor of New York City's traffic department said today in addressing more than 400 delegates to the annual congress and safety first exposition of the National Traffic Officers' Association, now in progress at the Civic Auditorium.

Captain O'Connor, a recognized expert on traffic problems, is credited with a generous share in planning and installing New York's traffic regulations as they exist in New York, he explained, "conditions there are applicable to any large city."

Efforts have been made from time to time to have an ordinance passed preventing pedestrians from crossing streets at other than designated crossings, but without result. "In my opinion the driver of a vehicle is entitled to a clear road-way from the intersection of one street to another without the possibility of being interfered with by pedestrians."

This regulation works well in Paris and there is no doubt it would work equally well in this country, but it is difficult to enforce. It would eliminate 50 per cent of accidents.

Traffic regulations today mean more than uniform policemen. They mean a high tower, a whole equipment is nothing if the public does not co-operate. To get co-operation the public must know that the traffic regulations are and how to appraise them. Various education plans have been used by the New York traffic regulation department. Officers have been sent to lecture at large garages, state and public schools. Moving picture theaters have been utilized and printed matter, containing traffic regulations, has been distributed.

**TELLS N. Y. PLAN**

Captain O'Connor said how New York meets its constantly increasing traffic congestion by dividing the city into districts with certain traffic regulations imposed on each. He said the plan is to have a traffic system of regulations followed in the congested theater district where more than fifty-four playhouses are located.

Business traffic, terminal conditions, including wharves and railroads, the location of warehouses and steamship docks all are important factors in creating traffic conditions, according to Captain O'Connor.

The necessity not only of making the proposed uniform motor vehicle act comprehensive and understandable, but also of having it adequately enforced by trained men, was pointed out by Walter B. Fawcett, secretary representing the National Automobile Underwriters' Conference of New York.

He said: "One of the objectives, in fact the principal objective of this convention is to have a uniform vehicle act which shall be uniform and in force throughout the United States. It is to be submitted to the sessions of the legislatures of the states and territories and must be thoroughly comprehensive and effective, but it must go before the legislatures in such a form that they readily will see just what it is aiming at and what it seeks to accomplish. In addition, the public should be made thoroughly conversant with its principle."

"Aside from this the law could not serve its purpose unless enforced adequately by trained traffic men. The standard of traffic regulations must be raised and maintained. The function of the traffic officer nowadays is not to persecute those who drive vehicles but to see that the drivers understand the law and also understand that the traffic officers wish to co-operate in a friendly spirit with its enforcement."

J. E. McCurdy of San Mateo talked on the need for regulation of auto and truck transportation and W. C. Hager of the San Francisco-Oakland Terminal railway, in speaking before the electric railway committee, emphasized the need for educating the pedestrian and automobile.

## COMMITTEES BUSY

Ten committees which were appointed yesterday were in full operation today.

Among the visitors were guests of the two big civic clubs at a luncheon at the Palace hotel, after which the general session at the Civic Auditorium convened. The speakers included: Captain John W. O'Connor, New York; Frederick P. Vase, Chicago; William H. Maltbie, Baltimore; Walter B. Fawcett, New York; and Lun Sylvester.

**EXPERTS GIVE VIEWS**

Others who appeared as experts before the committees this morning were Senator M. B. Johnson, chairman of the roads and highways committee of the state senate; L. Voyer, San Francisco, chairman of the Illuminating Engineers' Society; before the headlight committee; Lieutenant John Martin, Chicago; H. William Noll, San Francisco; Ad C. G. before the organization committee; former Assistant United States District Attorney Chauncey R. Trar, before rules of the road committee; Francis S. Wilson, Trenton, N. J., to the safety-first committee; and William S. Wollner of the Northwestern Pacific railroad, to the steam railways committee.

The general committees are headed by:

O. R. Fuller, Los Angeles, auto truck and transportation; electric railways committee; W. Maltbie, general laws, Judge Henry Voyer, San Francisco; headlight committee, Dr. Clayton H. Sharp, Illuminating Engineers' Society; San Francisco; committee, Commissioner George A. Walters, Detroit, Mich.; organization committee, E. W. Braun, Elgin, Ill.; rules of the road committee, Percy B. Towne, president California State Automobile Association; safety first committee, C. M. Talbert, St. Louis, and steam railways committee, R. J. Clancy, San Francisco.

## TRAVELING RUSH SWAMPS ROADS INTO OAKLAND

Demands of thousands of travelers for railroad tickets before the increased fare schedules go into effect Thursday morning are responsible for a traffic jam on all the trains going out of Oakland and the Eastbay cities today and tomorrow.

At the Southern Pacific, Western Pacific and Santa Fe offices today it is said that there has never been such a rush on the ticket offices and that every possible means is being taken to care for all of the passengers who would take advantage of the last few hours of a lower rate.

"We have put on all of the extra cars we can get," said H. K. Green, one of the passenger traffic department of the Southern Pacific, and will continue to add them as fast as we can get them. Right now we are practically sold out and the crowds are still trying to buy tickets."

The ticket office at Thirteenth and Broadway today had the appearance of a bazaar day. Prospective travelers standing two and three deep in front of the counters. All of the overland trains, it is announced, will be run in two sections and extra cars have been provided for other trains.

## INJURED VICTIM FACES TRIAL ON BANDIT CHARGE

Albert Lazon, who lies wounded in the Alameda county hospital, and is believed to be the bandit who engaged in a pistol and shotgun fight in Sacramento on the night of August 7, has been identified by Officer Ed Cox of the Sacramento police, one of the participants in the fight, as the bandit who escaped after an exchange of more than fifty shots. He will be taken back to Sacramento as soon as his wounds are healed.

The fleeing burglar lost part of his jawbone as the result of a charge of buckshot. A bullet felled him and as he lay on the sidewalk he returned the fire several times and then, as he staggered to his feet, held the officers at bay and got away.

On the same light Lazon appeared at a doctor's office in Oakland and applied for medical aid. An examination revealed the serious nature of his wounds and the Oakland police were notified. Lazon was taken to the hospital to discontinue. Lazon's story, owing to the nature of his wounds which, they say, talk with the buck shot and caliber of guns that were used in the battle in Sacramento.

## Wounded Sheriff Is Guarded From Attack

LOS ANGELES, Aug. 24.—Deputies armed with shotguns were posted today to guard Sheriff John C. Cline around the hospital at Burbank, near here, where Constable Henry Purrier is being treated.

Purrier received a fight with alleged bandits July 25. A nurse reported that saw three men loitering under the window of Purrier's room. Marshal Robert Norman of Burbank was killed in the fight. Doctors Cline and Raphael Delo are under arrest in connection with the shooting. Under Sheriff Al C. Manning said he believed there was a plot to kill Purrier, the only witness of the slaying of Norman.

## BERKELEY'S BANKRUPT

SAN FRANCISCO, Aug. 24.—H. C. Carvin and his wife, Caroline, both giving their residence as Berkeley, today filed a voluntary petition in bankruptcy in the United States District Court today. According to the petition the couple's liabilities are \$211, while their assets are \$226. Prior to coming to Berkeley, according to the petition, Carvin was in the fixture exchange business in San Jose.

## LIE PASSES IN SUIT FOR \$67

Charges of forgery, with the lie passed on the witness stand, featured the hearing before Judge Harry W. Pulcifer today of the suit of J. Henry Bruecker against A. L. Young for \$67 alleged to be due for carpentry work in repairing a building which figured in an exchange of Oakland and Los Angeles property.

Mrs. Vesta Twining had exchanged property in Los Angeles worth \$5000 for Oakland property owned by Young and valued at \$10,000, but on which there was a mortgage of \$2000. In connection with the transaction Mrs. Twining claimed that Young's partner forged her name to a check in Los Angeles, though the matter finally was straightened out, Young paying her \$2000 which was advanced to include interest, taxes, plumbing and other repairs to the Oakland building according to Young. Mrs. Twining claimed it did not include the carpentry work, and Bruecker, who did the work, sued Young for his pay.

When Young was on the stand, C. Dethlefsen, attorney for Bruecker, cross-examined him, charged that Young had lied to Mrs. Twining in connection with the forged check. Young turned up at once but before he could reply Judge Pulcifer rebuked Dethlefsen, who apologized to the court, but said he was perfectly willing to have a complete exposition of the whole transaction.

Judge Pulcifer took the case under advisement.

## Racing Auto Flies Track; Driver Hurt

ELGIN, Ill., Aug. 24.—Thomas, automobile racer, 34, the Eddie Hearn's car in practice here this afternoon, turned over three times on "hairpin turn." Thomas suffered severe cuts on the head and body. He was rushed to a local hospital.

## Inspiration of Jack London Forms Great Film Feature

MITCHELL LEWIS in a scene from "BURNING DAYLIGHT." Jack London's celebrated story of the Klondyke, now playing at the American.

Oakland Author at Very Best in Remarkable Tale Made Into Thrilling Screen Feature

"Burning Daylight," Jack London's masterpiece of thrills, sensations, odd characters and a great human interest, is at the American this week. The Oakland author was at his very best in this virile tale, its scope ranging from the frozen Klondyke to the haunts of the money masters on Wall street. The inspiration for the story came when, as a mere boy, he ran away from Oakland to the frozen North. He wrote the tale later, when his fiery genius was tempered with a man's judgment and experience.

It is a tale of the Klondyke and its characters. Presented by a wonderful all-star cast, the Jack London story is one of the more pretentious

## Miles Pope, Hurt in Traffic Mishap, Dies

Miles Pope, 32, Union street, who with Clarence Gans was injured when the motorcycle which they were riding was struck by an automobile at the intersection of East Twelfth street and Fourth avenue, on June 23, died yesterday at Fabiola hospital. Pope's injuries at the time were believed to consist of a fractured left leg and possible fracture of the right knee. It is now asserted that he suffered internal injuries as well. Gans is still suffering from a compound fracture of the left ankle and wound on the left leg. Halpern declared at the time of the accident that the boys were riding without lights. Witnesses to the accident are quoted as saying that Halpern cut a short corner in turning into Fourteenth avenue.

## MORE PHOSPHATE OR LOSE YOUR YOUTHFUL LOOKS

Lack of Phosphate in Blood and Nerve Cells Age Many People Before Their Time—Is Current Report.

The people who stand up and laugh at hot, sultry weather are the ones who have plenty of phosphate in their systems. If you are weak, become played out early on a hot day, if you become irritated easily, lose your patience and cannot concentrate your mind on difficult problems, then you need more Phosphate, a pure organic phosphate that feeds your starving nerves just the food they need. It is a simple matter that all modern physicians understand. If you, man or woman, desire a sturdy body with an abundance of nerve force and endurance—if you want a keen, active mind that won't be under severe strain, then you must have plenty of phosphate in blood, nerve and bone cells and a pure organic phosphate known as drug grade INTRAPHOSPHATE is just what you need. Get Intra-Phosphate as dispensed at drug stores in the original package. It should revive your depressed spirits and renew your ambition. It should make you feel younger and feed younger, physicians assert.—Advertisement.

## MARINES AWAIT

### 'CIGAR LIGHTERS'

The Marine Corps recruiting office at 927 Broadway, is daily expecting its first allotment of 18,000 fourragères awarded by the French Government to the men of the fifth and sixth regiments and the sixth machine gun battalion which formed the marine brigade of the second division. The fourragères are in the red and green colors of the Croix de Guerre for military units that have been cited two or three times in the general orders of the French army. They arrived in Washington a few days ago.

Authorization cards for all men who were with the marine infantry regiments at Belleau Woods, Soissons and in the Champagne actions, or with the machine gunners at the two former actions, have been prepared in Washington. The distribution to men still in the marines has already begun. To reach the men who are no longer with the colors the cards for men in this vicinity will be sent direct to the recruiting offices.

## COMPANION WHO PROTESTS MAN'S ARREST CLEARED

The charge of interfering with an officer while making an arrest, which was preferred against Joseph A. Lee by Patrolman P. A. Pierce, was not substantiated in the police court of Judge Mortimer Smith this morning, and the case was dismissed.

Lee was arrested July 24 when he remonstrated with Pierce for arresting Fred Pontas, a shell-shocked overseas soldier. Pontas was taken from a saloon at Thirty-fourth and Hollis street by Pierce, despite the fact that he was threatened by an angry mob.

"Merely protesting against the arrest of the friend without placing any definite physical obstacle in the way of it cannot be construed as interfering with an officer," said Judge Smith as he dismissed Lee.

## Abandoned Auto Is Wrecked By Train

The mystery of a wrecked automobile at Stanford and Lowell avenues, which was found this morning, was partially cleared up by the police when it was learned the car had been struck by a Southern Pacific train last night.

According to the accident bureau of the Southern Pacific the car was standing deserted on the track, and the train, which was operated by Conductor J. E. Gaxford and Motorman H. B. Cope, was going too fast to stop. A search of the automobile license records this morning shows that the machine was registered to J. Herrero, 405 Twenty-sixth street. It is believed by the police that the car was stolen and abandoned on the track.

## Officer Halts Sale Of Lottery Ticket

"Hi-yah-h-h ee-vah-h-h?" observed Lee Fook last night to his friend Ah Sing as they were standing at Eighth and Franklin streets.

"Yah-hi-yah-h," replied Ah Sing nonchalantly.

It didn't mean much to the casual corner lounge, but to the trained ear and eye of Sergeant E. W. Book it meant that a lottery ticket sale was being negotiated, and a search revealed a "five spot" night time ticket in the capacious blouse of Lee Fook.

My wife talks all the time and never weighs much what she says. She "digs" at me for selling soups, but ever cries for dough. I tried to get a word in edgewise and told the man I'd heard a rumor of a still; and Tessie looked at me suspicious like and sniffed the air, thinking, perhaps, they mixed some "moonshine" with the gasoline.

But the man showed us where, in another room, they had a great big still; it must have cost ten thousand dollars; and there they distilled the dirty gasoline and made it clean and sweet and better than before, using it freely on the garments and redistilling it again and again.

I thank you for today.

## Bride to Wear Gown Obtained In War Zone

MISS CLARICE WYLIE, who will wear wedding gown captured abroad.

BERKELEY, Aug. 24.—A wedding gown obtained on a bombing expedition in France by the prospective groom will play a part in the romance of Miss Clarice Wylie, college girl, and Lieutenant Justin Follette, graduate with the class of 15.

Miss Wylie will leave Berkeley shortly for Madison, New Jersey, where on September 20 she will become Follette's bride. Her gown will be made of material which Follette carried over the war-torn country in his airplane to safety behind the lines.

Miss Wylie is the daughter of Mr. and Mrs. W. J. Wylie, of Santa Maria, and while in Berkeley has made her home with Mr. and Mrs. L. E. Blochman.

Follette is the son of Mrs. B. K. Follette, of Berkeley. For bravery in service he was awarded the Distinguished Service Cross.

Miss Virginia Titus, classmate of the bride, will accompany Miss Wylie east to bridesmaid, while Herbert Alderson, classmate of the groom at Princeton, will be best man.

## SCHOOLS SHOW BIG INCREASE IN REGISTRATION

Statistics prepared today by the school department show a total registration in the Oakland schools yesterday of 31,995, an increase of 1538 over the registration at the opening of the last school year. Two hundred prospective students, the figures compiled in the department disclose, were refused admission during the first day of registration yesterday.

## HIGH SCHOOL GROWTH LARGE

The greatest increase is shown in the high school registration, which increased from a total of 4759 last year to 5574 yesterday, a difference of 735. The increase in the day elementary registration was 831, while the kindergarten registration increased by 80 pupils.

The increase shown in the report prepared by the school department today on the figures submitted by the various school heads at the end of yesterday's registration does not include the 200 pupils that were unable to find admission. The increase of 1538 is slightly lower than that of 1730 of the last year over the previous registration, but the department officials point out that the 200 unable to secure placement would bring the total increase to 1738, a greater number than that of last year.

## TOTALS GIVEN BY BRANCHES

The following registration figures show the total registration in the different branches: Day elementary, 24,701; increase over last year, \$81; kindergarten, 1720; increase over last year 80; day high schools, 5374; increase over last year 735.

The following was the total registration in the various high schools: Fremont high, 1363; Oakland high, 1002; Technical high, 1942; University high, 609; Vocational high, 447.

## Deepening of Golden Gate Channel Urged

As the result of a request by Colonel E. E. Winalow of the United States Corps of Engineers, the City Council today passed a resolution urging civic and commercial organizations of the city to place before Congress the necessity for an appropriation for deepening Golden Gate channel.

The resolution was introduced by Commissioner W. H. Edwards.

## Rancher Fined Who Camouflaged Prunes

A. Piazzi, an orchardist of Stockton, Cal., was fined \$50 this morning by Police Judge George Samuels on a charge of violating the fresh fruit law. It is alleged by D. P. T. McDonald, deputy horticultural commissioner, that Piazzi shipped to Oakland prunes that were unfit for human consumption and that in order to conceal their defects, the packing was performed in a deceptive and illegal manner.

themselves daily of the privileges of the Oakland "Y" in training and it is only a question of a few days until each day's list of entries will increase

Frank Pratt of 1525 Fourth avenue, Oakland, filed his entry blank today, but had the misfortune to make the mistake that we have cautioned against daily in these columns—filling without a registration number. After repeating this blunder at least two other days, we are inclined to either let the athletes who fall to heed it suffer the consequences or else to make this issue unmistakably clear.

GET P. A. A. CARDS.

Several of those who originally filed their entries without registration numbers have corrected the error, but there remain on our desk at present five blanks for which no number was sent in. These are due to be laid aside on September 4 when the list goes to the Pacific Association for approval. All athletes who have made this error are urged to look over to correct it, for as in all other sports, the prize is clear to no athlete who enters the race who is not registered, in as much as the race is sanctioned by the Pacific Association and is open only to registered amateurs.

Your co-operation in this matter is asked, not because it does us any particular good, but because we wish to see all men who have been in training for the race and who unquestionably desire to run, allowed to start on Admission Day with the others. We will continue through these columns to announce the names of those who fail to file their blanks correctly filled out. The rest is up to you; all that we ask is your support.

## Three Teams in Race for Flag in Ban's League

By L. R. BLANCHARD  
(United Press Staff Correspondent.)

CHICAGO, Aug. 24.—Two things happening yesterday indicated three teams still are in the race for the American League pennant.

One was the 10-to-1 odds given over betting for the New York Yankees. It indicated that neither the Tanks nor the pithers who won on Monday night were expected to affect the tragic destiny of Ray Chapman affect their play.

The Cleveland split was the other. It indicated the Indians indicated they would be out of their

## Al Cantua of Legion Allows But 3 Hits

The Oakland Post, No. 3 of American Legion defeated the Espers at Bushrod diamond by a score of 8 to 1. Cantua was on the hill for the ex-soldiers and allowed but three hits. He sent eight men to the bench on strikes. A home run, a double, a single and a scoring caught a good game for the Legion while besides getting a play of hits. Next Sunday the Legion will play at San Rafael.

interclass series. Two games were scheduled, one on September 10, between the freshmen and sophomores, and the Juniors clashing with the seniors. On September 11 the final of the series was played, with the seniors the winner of the first round.

Each year the interclass series serves as a timber up for those of the students who desire to go out for football, and serves to pep up the interfraternity football and basketball in the air. Pacific coast conference rules bar training camps and scrimmages until the first of September.

Since the accident a week ago that resulted in the death of Ray Chapman, the pitcher of the Cleveland Indians, pitched a steady game and while the players got on his off him, they were not so wicked as they were for a month. The Yankee pitcher passed three men to first, but failed to strike out a Detroit batter. The crowd got so close to the field, Mays shouted "look out."

SEATTLE, Aug. 24.—Seattle took another from the Vernon Tigers yesterday and Andy Hansen was the hero. Their score was 5 to 2 yesterday and the Seattle fans have a good reason to be happy. The Rocky Mangles were the heroes of the game. One in the morgue and the bingles jammed. Al De Tormer hit a terrific line to left and Rocky hit a home run to left and the team won a runner off first. Hoveck went seven frames for the Tigers and was overruled on the eighth by the referee in the defeat. "Ocean" Schott was checked for the home guard. The

Maxwell Hardware and American Legion were other clubs to make application for entry in the league, but they had to be turned down because of lack of playing fields.

Charley Pruett, former Oakland Athletics representative the Alameda County League, was elected president for the Elks. The California Cotton Millers, the other new club, was elected to the second place. Frank L. Cotton, Al pitchers who played in organized baseball a few years, was elected manager. He will not be allowed to pitch in the league. This was a suggestion by other managers. This will give them a chance to go up next year. Each club will be allowed to have one manager. Any player who was under contract to a club in organized baseball will not be allowed to play of this year and who played a year in organized baseball a few years ago will not be allowed to play in the league. ## CHANGE RULING

As a result of a ruling by the University of California, which pays the salaries of farm advisers and their assistants, that wives of advisers shall not act as their secretaries, Mrs. L. M. Turner, from the farm bureau of Hayward, appeared before supervisors yesterday and asked them to waive the rule in the case of Mrs. Marcus Lee, secretary to the Alameda county farm adviser. She said the rule had been made because of a desire to oust a woman in another county, though she admitted there had been some complaint about Mrs. Lee, which she said was settled up through trouble in the adviser's office, caused by a former employee, F. H. Moore, Mrs. E. Seifer and E. G. Young of the farm bureau, respectively, of Niles, Hayward and Livermore accompanied Mrs. Turner. Supervisor Staats of Berkeley was appointed to take the matter up with the university board directors. The board voted to sell the \$10,000 worth of Oakland school bonds for \$750,000 for grammar schools and \$250,000 for high schools—over the counter at private sale. Similar action was taken with \$250,000 worth of Piedmont high school bonds and nearly \$1,000,000 worth of Berkeley school bonds. Clerk J. C. Holland reported that the Piedmont bonds had been disposed of. County Treasurer F. W. Foss reported the sale of \$14,000 worth of the Berkeley bonds in payment for a piece of school property. A portion was filed by residents of Eden Township for the opening of a road 60 feet wide through the property of the Lone Tree Cemetery Association, D. Silva and others.

# TOUR BY AIR

## IS LAUDED AS VACATION TRIP

The latest fad in summer vacationing is to spend a week or two flying about the state by airplane. This was demonstrated when John Edwin Hogg, an advertising man of Los Angeles, and Emory H. Rogers, manager of the Pacific Airplane Supply company, who gracefully glided down to Durant field late yesterday and proceeded to unpack their camp kit, which contained every modern camping convenience imaginable as well as plenty of food and a cash register. The two air-campers left Los Angeles last week and they have pitched camp since then at Stockton, Sacramento, Woodland and other points. The entire trip has cost them less than \$45 and they have been over the greater part of the state. They will leave Oakland today for home.

# Knights of Columbus Ask Irish Freedom

WASHINGTON, Aug. 24.—Secretary of State Colby, the President of the Senate and Speaker of the House have received copies of drastic resolutions passed by the Knights of Columbus urging recognition of the Republic of Ireland. District Attorney Joseph C. Pellegrino of Boston, who is Supreme Advocate of the Order, drafted the resolutions, whose closing statement announced that the Knights as a body placed on record their recognition of the Irish Republic, as represented by its President, Ramon de Valera, and pledged their efforts to the end that "The United States should recognize the Republic of Ireland." The resolutions are a definite endorsement of the sentiments of de Valera as he expressed them in a letter to the thirty-eighth annual convention of the Knights held in New York ten days ago. Joseph Scott, of Los Angeles, championed the plea of President de Valera, before the Supreme Council of the Knights of Columbus.

When last seen the girl was wearing a seersucker coat, a small black hat with silver trimming, and low black shoes.

# Tokyo Press Would Recall U.S. Japanese

HONOLULU, T. H., Aug. 24.—(By the Associated Press.)—Recall by the Japanese government of all Japanese who have emigrated to the United States has been suggested as a means of solving the Japanese problem in America, says a Tokyo cablegram to Nippon Jiji, vernacular press. The Tokyo press is supporting the proposal.

# RAT PROOFING OF BUILDING TO BE STANDARDIZED

WASHINGTON, Aug. 24.—Standard plans for rat proofing business buildings, dwellings and wharves are being drawn up by the public health service as part of its campaign to stamp out bubonic plague. The plans are to be furnished to states and cities for incorporation in building codes. "While bubonic plague is under control in this country, there will always be scattered infection until the rat can be exterminated," said Surgeon General Cummings. "According to authoritative estimates there is one rat for every one person in the United States. To maintain this huge number of rats costs the people of this country approximately one cent per person every day for rat food, an intolerable and unnecessary burden for the people to carry."

# Girl Is Appointed Palmer Assistant

WASHINGTON, Aug. 24.—The department of justice bids fair to become the government's prize "surrogate department." Following closely upon the appointment of Mrs. Annette Abbott Adams of San Francisco as district attorney general, Miss Ethel Donahue of Hartford, Conn., has been made special assistant to Attorney General Palmer. Miss Donahue, although only 23 years of age, is reputed to be one of the most brilliant women lawyers in the country. She will report September 1 and will be given charge of admiralty matters.

# U.S. Gold and Silver Imports Reported Big

WASHINGTON, Aug. 24.—Gold imports from England continued heavy during the first ten days of this month. Figures made public tonight by the Federal Reserve board showing imports from that source of \$6,664,189. France, the only other European nation to export gold to the United States, sent \$676,705 in the same period. Total gold imports from all countries between August 1 and August 16 aggregated \$8,071,045; exports being \$3,480,748. Silver imports in the ten days amounted to \$1,441,014, against exports of \$854,862.

Silver exports to Europe have been only \$4,054,282. And gold exports only \$266,510 since January 1, 1920. Board figures show gold exports totaling \$101,157,259 to Asia, while South American powers have taken \$104,721,300. The United States has exported \$225,719,396 in gold since January 1. Silver exports this year amount to \$88,470,846, of which Asia took \$73,610,622, almost 70 per cent going to Chinese banks. TOKYO, Aug. 24.—Sugar plantations in Formosa are suffering great damage as a result of several typhoons of unusual violence.

Better Meats That Cost Less  
 No Waste—No Ice Needed  
 Always Tender  
 Ready-Cooked To Perfection

**Only pay for the meat you eat—not for the trimmings and waste**

**When you pay sixty or seventy cents for a piece of meat, a goodly part of it is wasted because you can't eat all the meat you buy. There are the fat and bones and trimmings—all paid for at the price of meat—and only a little of the fat can be used, the rest is just a loss. Besides which, uncooked meat contains much water that is lost in cooking—but you've paid for the water at meat prices.**

**But there is a way to overcome that loss, which is 15% or 25% of what you spend on meat today.**

**And that is by buying ready-cooked, wholesome and delicious Council Meats. There are many varieties of Council Meats—Veal Loaf—Roast Beef—oh, a host of good meat dishes—all so easily prepared! Why you'll be just a few minutes fixing the meat course for breakfast, luncheon or dinner.**

**But the goodness and the ease of preparation are minor advantages compared to the real economy you will find in buying ready-cooked Council Meats instead of meat you have to trim and cook.**

**BEAT DYEING  
STREET SAYS  
GIRL SHOT HIM**

LOS ANGELES, Aug. 24.—(Harris)—On M. Beal, aged 34, whose wife and child recently lived at 518 Lyons street, San Francisco, is dying at the Receiving Hospital here today in death, he a victim of Lorraine Gladys Barnes, 23-year-old divorcee. After he had tried to kill Miss Barnes to end all ill will to love pack the girl will live.

Beal, in his dying statement says that he was engaged in dyeing clothes away by the beautiful woman with whom he had stayed in a "flamingo" hotel at 2400 E. East st. Seventh night for five months, he broke into her home, shot her twice and then he turned a gun on himself.

The girl denies shooting Beal. "He shot me twice and then attempted to kill himself but the bullets missed," she said. "He then unarm himself. He strided another woman and shot himself."

**BEAT DECLARED EGOTRISTIC**

Beal, who is in the window cleaning business in this city, was so egotistic that nearly a year ago, he said, Edith left him and went to San Francisco where she has relatives. He said where she obtained employment with the State Commission of Investigation and Housing in the Ferry building. Beal followed her and tried to induce her to return to Los Angeles. He remained in San Francisco for a short time, living with his wife at 18 Lyons street, and then returned here.

February 28 he met Miss Barnes at a hotel and she told him that she had been divorced from Tom V. F. Young of Seattle in 1923 before he said that she had resumed her maiden name. He lived with Miss Barnes for five months. Then in June he told her to leave.

**TELLS STORY OF SHOOTING**

"When she asked me to leave her returned to my rooms there I told her I was a detective. Important Murphy informing me that someone had sought police protection from me and warning me to keep away from her cottage," said "The Chief." "The Chief" would grab the thing before the public and involve my wife and baby angered me most. I was giving her all I earned, \$350 a month as a window cleaner. "The Chief" had taken her bungalow, broke into and shot her twice. Then she grabbed another revolver and shot me.

"My wife is in San Francisco waiting for me to arrive, but I guess she needs it now."

A note written to his father, W.

"God forgive me for this wrongdoing, but I have nothing to live for but her. I thought I loved my first wife, Edith, but this girl outstrips her. Take care of us both and I'll pay the insurance money amounting to \$10,000."

**GIRL DENIES SHOOTING**

In a nearby room at the same hospital, the girl denied that she had fired the shot. "I never saw any coincides with Edith."

Neighbors corroborated her story that Edith came into her bungalow the evening that four shots were fired, that Mrs. Barnes ran screaming into the street, that Edith followed and both fell wounded on the grass. Detective Sergeant Murphy, Mart

and narrow rushed to investigate the shooting and brought the wounded man and woman to the receiving hospital.

Miss Barnes came to this city on Seattle in November. Her mother is said to be prominent in Seattle.

# T'CONNELL WINS

# 12 DAYS OF GRACE

SAN FRANCISCO, Aug. 24.—Will-

John C. Van Fleet—United States District Judge—then granted Daniel O'Connell's former San Francisco attorney and head of the so-called American Patriots' League, a twelve-year stay of execution in a sentence of seven years imprisonment at McNeil Island for having conspired to obstruct the operation of the espionage act.

Three of O'Connell's former associates in the organization's activities also were so sentenced. The men were to have surrendered to the federal authorities following a spreading-on-the minutes of the District Court of a mandate of the United States Supreme Court denying the stay of execution.

John C. Quinlan, attorney, representing Connell, obtained the stay of the representation that O'Connell

### Mexico Decides to Carry Oil Duties

MEXICO CITY, Aug. 24.—Every foreign merchant will be employed to collect and export duties on petroleum for six months of March, April, May and June, said a treasury department bulletin issued today. An official

...the government made some time ago and the time limit for these payments would be August 30, but Benjamin Martin, undersecretary of the treasury, said a great many companies had indicated their intention to make payment, and he said that the question of negro-owned boats would be a frequent one. Boats would be carried out. On the other hand, the newspaper reviewer stated today the treasury department meant the tankers would be delayed, and that petroleum shipments by companies that have failed to pay export duties could be seized.

ST. NAZARINE, Aug. 24.—American Boy Scouts who have been attending a "Jamboree" in England and France, left early this morning for America aboard the American transport Princess Matolika. Last night aboard the ship they entertained several hundred French boy scouts.

PRICE INCREASES  
EXCEEDED THIS  
WEEK BY DROPS

That the cost of living is still in the ascendancy and that there are no further increases to be expected is indicated in the announcement that "mouse traps advanced 10c a dozen" last week.

The startling information is contained in the weekly review of the grocery market prepared by the Retail Grocers' Association for the benefit of its members, and it is additionally notable because of the week's many price recessions.

The week was marked by a considerable number of declines in all quarters of the market. Eighteen grocers' lines declined in price during the week, which is one more than the number of declines noted last week.

**CHOCOLATES GO DOWN**  
The greater number of the declines are in chocolates and confectionery. The product of a San Francisco manufacturer, has declined 2c a pound, and another brand 1 cent. Chocolate, both the compound and the cake, also declined 2c a pound.

Besides the declines in chocolate, other sections of the market which are on the downward trend include, salad oils, linseed oils and the various shortening preparations made of vegetable oils. Linseed oil declined 14 cents a gallon, and one brand of salad oil declined 5 cents a gallon. Two brands of soap also dropped in price.

Other miscellaneous lines which dropped include: pearl barley, corn seed, one brand of coffee, almond paste, rolled wheat, one brand of sardines, rice, whole wheat and Graham flours, split peas, and rice flour.

**LIVE ON THE RISE**  
This is the first time in three years, according to C. M. Stearns, of the Retail Grocers' Association, that the number of declines in prices has exceeded the number of advances, and this is quite generally taken by the grocery trade as an indication that the cost of food is starting to come down.

Compared with eighteen declines there were but twelve price advances noted in the past week. Live has gone up in price and so have matches. A brand of canned beef has taken an advance in spite of the great quantities of this commodity which are being released by the army. A brand of dried beef has also advanced. Other advances are noted in: canned fruit preserves; gelatine; all paper products; one brand of pork and one brand of chicken, and tomato soup.

Oakland Wives  
Start Long Trip  
To Join Husbands

MRS. EFFE G. ANDERSON, Oakland girl, on her way to far off Columbia aboard the Pacific Mail liner San Juan, to join her husband.

Goal of Young Women Is  
Isolated District in  
North Colombia.

With a voyage of more than 2000 miles before them and two expectant husbands awaiting at the "end of the sea trail," two Oakland women, Mrs. Effe G. Anderson and Mrs. T. E. Smith, sailed aboard the Pacific Mail liner San Juan.

The San Juan will carry them to Daiba, where they will take another steamer to Puerto Colombia, and thence proceed to Andagoya, where Anderson and Smith are employed with the Pacific Metals Mining company.

Mrs. Anderson, formerly Miss Effe Dearman, lived at 5224 Telegraph avenue, where her mother, Mrs. M. T. Dearman, resides. Mrs. Smith has been staying with a friend, Mrs. D. W. Bates, at 337 Howe street. Her brothers, E. A. and Marion Robinson, live at Redding.

**FORGERY SUSPECT TAKEN.**  
Wanted in Niles on the charge of forgery, John Due White has been brought back from Fresno and held in custody in the county jail for a hearing.

HUSBAND GIVEN  
DIVORCE AFTER  
FIGHTING WIFE

How a proposed gift of rabbits to a friend precipitated a domestic altercation in which a butcher knife, a pistol and a few more were brought into action by both members of the matrimonial combine, was revealed in a divorce suit before Judge Joseph Koford.

As the suit was unconcealed by the defendant, Margaret Tillbrook, the court decided that Fred H. Tillbrook, a mail clerk at Goat Island, was the aggrieved party and he was given an interlocutory decree. A divorce settlement was made out of court. This included the husband's 3429 Salisbury street, an automobile and household furniture.

Tillbrook told the court that when he told his wife he was going to give away the rabbits, she flew into a rage and seizing a butcher knife, chased him into the yard. Tillbrook said he struggled with his wife and established possession of the knife, and she then grabbed a pistol to attack him and he defended himself with a spade.

That his wife also accused him of associating with other women when he was away in coming home, threatened his life on several occasions and once threw her wedding ring out the window, were also set out, were other charges made by Tillbrook. The wife denied these charges and accused her husband of being sullen, with breaking and hitting her with the spade, but she failed to appear in court and contest the case.

**DESTRUCTION CHARGED**  
Married for more than twenty-seven years, Emil H. Gottschalk and Mrs. Emma B. Gottschalk are seeking a divorce before Superior Judge W. Harris. Although Gottschalk denies the action originally, charging that his wife deserted him March 1, 1917, he did not appear in court to prosecute the case and the testimony of Mrs. Gottschalk is being taken. Mrs. Gottschalk says they did not separate in 1917, but lived together until August, 1919.

Mrs. Gottschalk, whose maiden name was Stosberg, who is a blond looking woman with silvery hair, says her husband has a violent temper, that he frequently threatened to poison her and her children, once threatened to shoot their son, Emil Harry, now aged 13; used language to her which reflected upon her chastity, vented his anger by throwing the dishes and cut glass on the tables and floors and otherwise mistreated her.

From 20 to 5 years, Mrs. Gottschalk asks permission to resume her maiden name.

**DAIRYMAN SUE**  
Asking to be given the community property, valued at approximately \$15,000 and \$125 a month alimony, Mrs. Isabel Correia has started divorce proceedings against Antonio Correia, Livermore rancher and dairyman, charging cruelty.

The complaint says that Correia is a partner in the dairy firm known as Correia Brothers, and that his income is \$3000 a year. Mrs. Correia charges her husband with calling her vile names, and with beating her and pulling her hair.

In a divorce complaint filed by Charles Hebebrand it says that Amille Hebebrand, a 22-year-old butcher knife or razor to bed with her and when he discovered these weapons she told him it was her intention to kill him. On one occasion she made him sleep in the kitchen floor, he says, and that a few days ago she had him arrested on a charge of failure to provide and then told a friend he had been associating with other women. They were married in Honolulu on December 15, 1919.

**For New Styles and Pretty Arms**  
(Beauty Notes)  
Women are fast learning the value of the use of delatone for removing hair or fuzz from face, neck or arms. A paste is made with some powdered delatone and water and spread on the hairy surface. In 2 minutes it is rubbed off, the skin washed and every bit of hair has disappeared.

If you are careful to buy genuine delatone and mix fresh as wanted. Advertisement.

**GAVE HER STRENGTH**  
Mrs. Miller Says That is What Lydia E. Pinkham's Vegetable Compound Did For Her—Read Her Letter—

Minneapolis, Minn.—"I was run down and nervous, could not rest at night and was more tired in the morning than when I went to bed. I have three children, the youngest three months old, and it was drudgery to care for them as I felt so irritable and generally worn out. From lack of rest and appetite my baby did not get enough nourishment from my milk so I started to give him two bottle feedings a day. After taking three bottles of Lydia E. Pinkham's Vegetable Compound, I felt like a new woman, full of life and energy. It is a pleasure to care for my children and I am very happy with them and feel fine. I nurse my baby exclusively again and can't say too much for your medicine."—Mrs. A. L. Miller, 2633 E. 24th St., Minneapolis, Minn.

Since we guarantee that all testimonials which we publish are genuine, it is not fair to suppose that if Lydia E. Pinkham's Vegetable Compound has the virtue to help this woman it will help any other woman who is suffering in a like manner.

Censorship for  
College Comic  
Paper Ordered

BERKELEY, Aug. 24.—No longer will the "Pelican," university "comic" paper make shock members of the student body. The paper is to be censored. Its jokes will be turned down to a fireside flavor and its pictures, for the first time, will recognize the existence of draperies.

The line with this recent declaration that student publications and student plays must contain nothing that is offensive. President David P. Harrows has warned the editors of the humorous paper that future issues must be clean if nothing else.

If "Pelly" cannot be naughty, ask the students, what is it going to be?

J. A. McMullen, editor, says that in order to meet the situation the staff is prepared to go so far, even, as to be funny.

**U. C. AIR CORPS PLANS COMPLETED**  
BERKELEY, Aug. 24.—Students of the University of California will be given the opportunity this week to enroll for training in the aviation school established on the campus. The plans made by President David P. Harrows with the department while on his recent visit to Washington, have been completed, and the student members of the U. C. unit are now being enrolled. The unit will be allowed to strive for commissions in the air service while attending college.

The plan allows the student soldiers to spend three hours each week for a period of two years in a thorough training in ground work similar to that taught at the aviation school established on the campus during the war. Besides the ground and theoretical training, the students will be required to attend two summer training camps, in order to be instructed in flying before they will receive commissions in the army reserve.

The work on the campus will be under the direction of Professor E. M. Woods, who holds a chair in aerodynamics, and Colonel J. T. Nance, professor of military science. It was necessary for fifty or more of the students to sign their names to enroll for this training before the course could be assured, but the quota of the unit has been filled, and the work will begin at once. All students completing the course satisfactorily will receive a second lieutenant's commission in the Reserve Officers' corps.

**Legion Charge Laid Against Hotel Porter**  
James Davis, a porter in a hotel at 519 Wood street, entered the premises early last night carrying a bulging sack. Federal prohibition enforcement officers stopped and questioned him and discovered, they claim, that the sack contained a five-gallon demijohn of grappa.

Davis was arrested and today was arraigned before Federal Commissioner Krull in San Francisco, and was held to answer with his bonds placed at \$500.

**Man Drops Dead in Laundry Engineer's Room**  
P. W. Derby, 50 years old, 1511 Jackson street, dropped dead last night while standing in the engine room of the laundry, 2330 Telegraph avenue. Death was due to heart trouble. The body was taken to the morgue. It has not yet been ascertained by the coroner's office whether or not the dead man had relatives living in Oakland.

**GIRL REPORTED MISSING.**  
Since leaving her home last Friday morning to visit relatives in San Jose, Marie Santos, 14, living with her parents at Ninety-sixth avenue and Plymouth street, has not been seen or heard from, according to a report made to the police today.

**BACK FROM VACATION.**

**BLAZE WRECKS S. J. FRUIT PLANT; LOSS IS \$100,000**

SAN JOSE, Aug. 24.—Fire which broke out at an early hour this morning destroyed the operating department of the O. A. Harlan packing plant at Fourth and Market streets, causing a loss of \$100,000 in property. The plant, which did a million dollars' worth of business last year, and expected to handle an even greater volume this year, had just put out its first carload of packed apricots yesterday.

Harlan stated this morning that he probably would lose the profits on this year's business, but that he probably would lose nothing on the contracts as they could probably be taken care of by various other packing plants throughout the valley.

The fire was first discovered about 12:20 o'clock this morning and spread in the operating department with amazing rapidity, destroying the equipment where a hundred employees had been busy during the day. Several fire companies fought the flames from various sides and, until they got the streams on the blaze, it looked as though it would escape control and sweep through a district occupied by a large number of canneries, packing plants and factories.

The fact that the main part of the building was constructed of steel and concrete prevented the entire structure from being wiped out. Harlan was unable to state today how the fire started, but he offered a theory. Besides the local packing plant, he owns the Harlan Canning Company in Lodi and dryer facilities at Moulton, Santa Clara county.

**Lions' Club to Hear Address on Banking**  
Kenneth A. Millican of the Anglo-California Trust Company will talk on "Inside Banking Service" tomorrow at the Oakland Lions' Club luncheon at the Hotel Oakland. Mrs. W. P. Head will entertain with stories. William Donald and George Munro will put on something in the shape of a "surprise" and Mrs. L. B. Cranmer will render some vocal selections, with Mrs. R. I. Newell at the piano.

**City Wharves Earn \$14,305 Last Month**  
Revenues amounting to \$14,305.48 were turned into the city during July from the municipal docks and wharves, according to the monthly report of City Wharves W. J. Munster. The report shows that during the month 507 vessels arrived at the Oakland docks, a net registered tonnage of 14,942 tons, and bringing 74,932 tons of cargo and 14,877,000 feet of lumber.

School Site Fund Balance Is  
\$474,396; Fremont and Tech  
To Have New Vice Principals

A financial statement of the operations of the department up to Aug. 21, 1920, was submitted to the Board of Education last evening by the school building construction department, showing a balance of \$474,396.24. Of this sum \$245,618.19 remains in the elementary capital fund and \$228,778.05 in the high school fund.

The statement, authorized by chief of construction Marston Campbell, and prepared by Auditor John W. Edgemond, shows that the receipts of the department to date have been \$315,000, while the disbursements have amounted to \$246,603.38. The following are the detailed expenditures shown in the report:

Office expenses—Salaries, \$14,618.84; other expenses, \$4,338.72. Architects and draftsmen—Salaries charged to school appropriations, \$7,203.40. Sites—Salary of land agent, \$2,390; expenses of land agent, \$151.01; purchase of sites, \$271,258.55. Building and equipment—Building contracts, \$12,749.58; school equipment, \$25,511.55; school equipment, \$1,105.40.

**NEW "TECH" VICE PRINCIPAL**  
Will W. Green, formerly deputy county superintendent of schools of San Bernardino county and principal of the Victorville high school, was elected vice principal of the Technical high school on the recommendation of Superintendent M. Hunter. Green is a Stanford graduate and was recommended by Will C. Wood, state superintendent of public instruction.

J. A. Hensley, former superintendent of schools of Dinuba, was elected vice principal of the Fremont high. Hensley has been connected with the California schools for fifteen years and holds an M. A. degree.

**BIDS FOR TWO CONCRETE SHIPS ARE OPENED**  
Five bids aggregating \$2,345,000 were opened today by the United States Shipping Board for the two concrete tankers, Palo Alto and Peralta, now in Oakland harbor.

An offer of \$700,000 for the Palo Alto from the American Fuel Oil and Transportation Company was the highest bid, according to word from Washington, where it is said the board is reserving its decision.

The Palo Alto, built at Government island, was launched on May 29 and has been chartered by the Island Oil and Market Company. Although the Peralta is not finished she is under charter to the American Fuel Oil and Transportation Company. The same firm made the highest bid for the sister ship. The vessels weigh 7500 deadweight tons, have 2800 horsepower and a speed of 10 1/2 knots. Their sale is in line with the shipping board policy of disposing of craft of less than 10,000 tons.

**Over 100 Diseases**  
have been traced to the teeth. Few realize how risky it is to let the teeth go uncared for. People in middle life are especially subject to tooth infection, and a bad mouth is a direct invitation to disease. SATURDAY STUDY  
HOURS MAY LEAD  
TO CONTROVERSY

BERKELEY, Aug. 24.—Employers and corporations who seek to save themselves inconveniences under the compulsory Saturday education act by forcing employees to secure their four hours of daylight study a week on Saturday afternoon, were criticized today by R. J. Leonard, professor of vocational education at the University of California.

In a class devoted to a study of the new time education law and its relation to employers and employees, Professor Leonard declared that a test case might well be made if any employer insisted upon his young workers devoting Saturday afternoons to study. Several employers in the bay section, declared Professor Leonard, were contemplating the Saturday afternoon arrangement.

**COMMITTEE OF LAWS**  
"There is a conflict in the state school laws and the part time education law which might be carried to court should any employer within the school age specified object to being forced to study on Saturday afternoons," said the professor. "In the school laws it is specified that no state funds may be expended for educational purposes on Saturday. The part time education law says that the required four hours of study per week may be obtained on any day in the week."

A. J. Cloud, assistant superintendent of schools of San Francisco, a student in Professor Leonard's class, declared that several San Francisco employers sought Saturday afternoon classes but were dissuaded from their plan by the school heads.

Such classes, said Cloud, would only be established at the demand of employers and would not be initiated by the Board of Education.
